	CONSTRUCTION OPERATIONS		DESIGNER: Your Name

#	OPERATION	SEAM	STITCH	SPI	NOTES
1	Prepare and match cut front body, back body, short sleeves, shoulder panels, rib collar, back neck binding tape, main label, size label, care label and trims.	N/A	N/A	N/A	Garment shows separate shoulder panel pieces at front shoulder area and rib neck construction with interior back neck finishing.
2	Apply left chest and center back screen prints to cut body panels. Cure and inspect print color, placement and size before garment assembly.	N/A	N/A	N/A	Artwork must be applied before sewing for clean placement.
3	Close shoulder seams joining front shoulder/panel assembly to back body at both shoulders.	 SSa	516	10-12	Use safety seam for stability across shoulder seam.
4	Topstitch shoulder seams as shown on front callout.	 OSa	301	10-12	This covers visible Shoulder Seam Stitching.
5	Position and sew main label and size label to inside back neck binding/tape at center back.	 OSa	301	10-12	Size label should sit below main label.
6	Join rib collar into ring.	 SSa	301	10-12	Form neck rib band.
7	Attach rib collar to neckline.	 SSa	504	12-14	Stretch collar evenly to neckline; rib collar is visible from front and back.
8	Apply back neck binding over collar join seam on inside back neck.	 BSa	301	10-12	Detail callout identifies neck binding; use clean-finish shoulder-to-shoulder tape/ binding across back neck seam allowance.
9	Topstitch neckline/collar seam around visible neckline, including back neck area.	 OSa	301	10-12	Covers front neck topstitching and back neck topstitching.
10	Set sleeves into armholes.	 SSa	516	10-12	Armhole seam called out on back sketch.
11	Close sleeve underarm and body side seams in one continuous run on each side. Insert care/content label into wearer's left side seam.	 SSa	516	10-12	Care label must be caught into left side seam.
12	Turn and hem sleeve openings.	 EFb	406	10-12	Sleeve hem and visible hem topstitching shown on front and back.
13	Turn and hem bottom edge of garment.	 EFb	406	10-12	Bottom hem with visible topstitching shown front and back.
14	Trim loose threads, inspect measurements, seam appearance, print placement, label position and overall garment quality. Press finished garment, attach hangtag, fold and pack in polybag.	N/A	N/A	N/A	Final QC and packing operation.
